

APPLICATION FOR MENTORSHIP PROGRAM WITH ALAN OKEN

Dear Student,

Thank you for your interest in my mentorship program. Our studies are designed around you, your current level of proficiency in either astrology and/or the Ancient Wisdom Teachings. In order to ascertain the approach we need to take to support your needs and orientation, I need for you to answer the following questions. Take as much time and space as you need to respond completely and then return this form (and any additional pages) to me at your convenience.

Date, Place, and Time of Birth:

1. What do you see as your main focus of studies with me?
 - a. Traditional astrology: advanced techniques of interpretation, prognostication techniques, electional astrology, synastry, others:
 - b. Esoteric, soul-centered astrology.
 - c. The Ancient Wisdom Teachings. (Please note that there are certain aspects of TAWT that must be learned in order to approach Esoteric Astrology.)
2. How long have you studied astrology and/or TAWT? How would you assess your level of astrological knowledge: beginner, intermediate, advanced, or professional? (Please note: You must have a thorough knowledge of the astrological language to begin our studies. This means knowing the meanings of the planets, signs, houses, and aspects. You do not have to be proficient at reading a natal chart, but these basics must have been already learned. If you have any questions about this, please contact me.)
3. Are you familiar with the work of Alice Bailey and the Master DK? If so, which of the books has made the most impression upon you?
4. Who have been your most important astrology teachers? Have you studied with any of these astrologers in person or in their mentorship program? Have you worked with any astrological on-line or correspondence school? If so, which one(s)?
5. What are the six (or more) astrology books and authors that have made the most impression upon you and why?
6. (For TAWT applicants but everyone is also welcome to answer this question.) What are the six (or more) theosophical, Bailey, or other written sources of TAWT that have most affected your ways of thinking and being and why?
7. What is your main purpose in working together?
8. Do you meditate, pray, or contemplate? If so, please describe your practices.

9. Do you speak any other languages besides English? In which language(s) were you raised and educated? In which language(s) have you taken your previous astrological, metaphysical, or AWT studies?

10. In which countries were you raised and educated? If the USA, in which States?

11. What does consciousness mean to you?

12. Please describe any profound spiritual experiences that have changed the direction of your life.

Is there anything else you think I should know about you that you feel is important relative to our studying together? Is there something about me or my teaching methods you would like to know?

With love and blessings,
Alan
